The Jesus Film Project

EDUCATION

B.S., Computer Science
University of Central Florida

TEAM

Team 2556 RadioActive Roaches

YEAR(S) ATTENDED THE ORLANDO/ FLORIDA REGIONAL AS A STUDENT

2011

HOW HAS *FIRST* IMPACTED YOUR LIFE PROFESSIONALLY AND/OR PERSONALLY?

The *FIRST* community has had a huge impact on every part of my life. Firstly, I never would have graduated from college if it weren't for their support and encouragement. However, it didn't stop there, from helping furnish my first apartment, to meeting my best friends, all the way to me finding my dream job, the *FIRST* community was there to help.

HOW HAS WHAT YOU LEARNED IN *FIRST* HELPED YOU SUCCEED IN YOUR CAREER?

My involvement in *FIRST* FRC taught me so many things from programming, to how to work with difficult deadlines, and being able to pivot when something doesn't work quite right. My favorite thing it taught me though was that with your team and community anything is possible.

WHAT HAVE YOU WORKED ON IN YOUR CAREER THAT YOU ARE MOST PROUD OF?

I created an initiative to sponsor women in tech to attend Grace Hopper Celebration to help build and foster a stronger sense of community.
